

# International Union of Aerospace Insurers (IUAI)

Members Conference 30 May – 1 June 2022

# Claims in the covid Era

Hazards of parked planes . . . To insurers

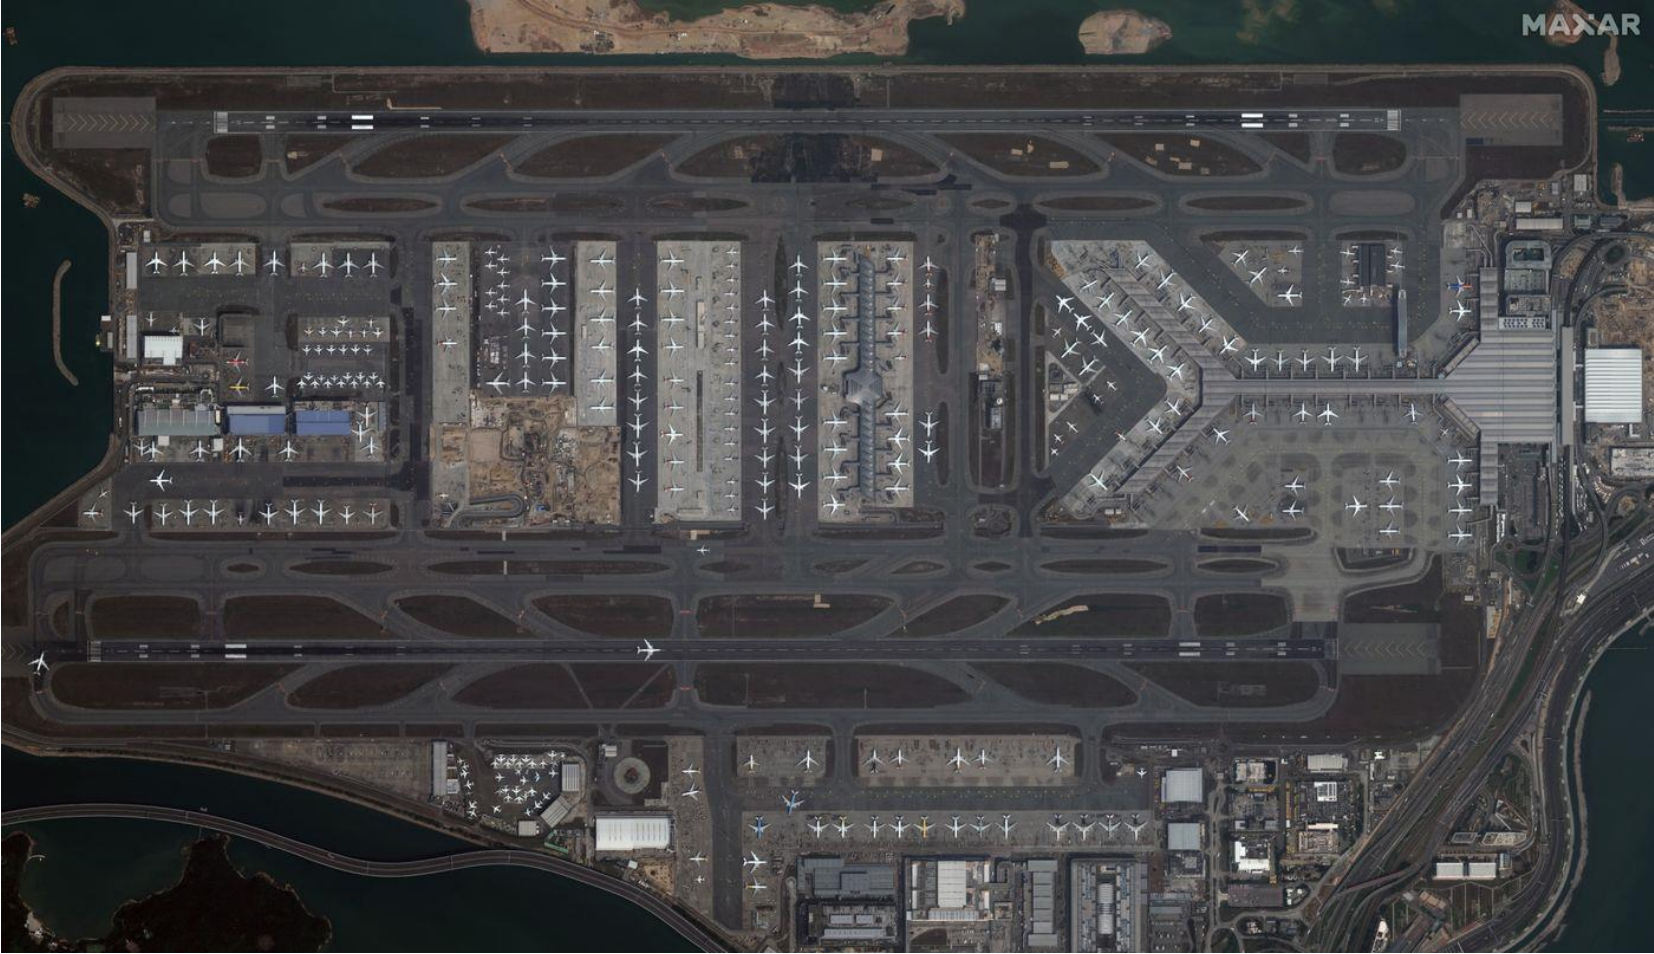

# British Airways in storage

# Delta Air Lines in storage

# Aircraft parked in Hong Kong

# A380's in France

# Southwest Airlines parked in California

# Aircraft in Arizona

# Aircraft in Roswell

# Aircraft in Roswell

# Aircraft in Roswell

# Dangers of aggregating aircraft

# Dangers of aggregating aircraft

- Earthquake
- Fire
- Tornado
- Hail
- These airports are susceptible for mass losses
- Potential for damaging a large percentage of the fleet
- Supply chain and labor shortages for repair
  - Repairs only take place as the aircraft are readied to return to service
  - Adverse development likely
  - Insurance claims take an extraordinarily long time to mature

# Claims in the Covid Era

Unruly passengers abound

# FAA Unruly passenger reports

- 2021 Year-End Totals
