[LETTER SENT BY EMAIL AND PUBLISHED ON THE AICG WEBSITE]

Dear Chairs,

AICG CONSULTATION DRAFT 60 ('CD60')
Air Traffic Control Liability Endorsements

In May 2021, AICG received a request from a market participant to consider drafting AVN endorsements to attach to aviation policy forms to cater for Air Traffic Control risks and ensure that the relevant wordings were updated in a uniform and correct way – currently this appears to be done on an ad-hoc, bespoke and sometimes inconsistent basis.

An AICG Working Group was convened to consider the request further and agreed that the proposed clauses would be beneficial. Two endorsements were consequently drafted, to attach to AVN104 (Airport Liability Insurance) and AVN126 (Aviation Premises, Hangarkeepers and Products Liability Insurance Policy). These have been considered by the full AICG membership and the Chair has agreed that these proceed to market consultation forthwith. The draft clauses are attached to this letter for convenience and will also shortly be added to the AICG website, accessible via this hyperlink: AICG Activity.

We would welcome comments on the proposed clauses – both on the specific drafting and their effect as appropriate. As AICG consultation drafts are normally subject to 30-day consultations, could you provide any comments on the clauses to the AICG Secretariat via the contact details above, addressed to either myself or the AICG Chair, or preferably to christopher.jones@iua.co.uk by close of business on Thursday 1 July 2021.

Yours sincerely,

Christopher Jones on behalf of Graham Spencer-Brown
(Secretary, AICG)
